

## Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

### School overview

Detail	Data
School name	Gilmorton Chandler CE Primary School
Number of pupils in school	215
Proportion (%) of pupil premium eligible pupils	6%
Academic year/years that our current pupil premium strategy plan covers ( <b>3 year plans are recommended</b> )	2021/2022 to 2024/2025
Date this statement was published	December 2021 Updated Autumn 2024
Date on which it will be reviewed	July 2023
Statement authorised by	Adam Watson Executive Principal
Pupil premium lead	Philippa Tomkins Head of School
Governor / Trustee lead	Danielle Moore Chair of Governors

### Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£18,457
Recovery premium funding allocation this academic year	£0
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
<b>Total budget for this academic year</b> If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£18,457

# Part A: Pupil premium strategy plan

## Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not. It is also based on research conducted by EEF.

Quality first teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap, whilst at the same time benefiting the non-disadvantaged pupils in our school too. Our intention is that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

This strategy is integral to support wider school plans for education recovery, National Tutoring Programme for pupils whose education has been worst affected, including non-disadvantaged pupils.

Our approach will be responsive to common challenges and individual needs, rooted in robust assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified
- adapt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	UPDATE Assessments, observations and discussions with pupils indicate that <b>oracy</b> is key and that there are vocabulary gaps which are more prevalent among our disadvantaged pupils than their peers.
2	Assessments, observations and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with <b>phonics</b> than their peers which can negatively impact their development as readers.
3	UPDATE Our assessments and observations indicate that the education and well being of many of our disadvantaged pupils have been impacted by partial school closures to a greater extent than for other pupils. These findings are supported by national studies. Regular observations and discussions with pupils, parents / carers and staff about possible barriers which may affect pupils' social and emotional learning. A newly trained ELSA to support can increase positive pupil behaviour, mental health and well-being, and academic performance.
4	UPDATE Although the engagement with remote learning has high through school closures, formative and summative assessments do show that those in receipt of pupil premium funding were most impacted. This has resulted in gaps, particularly in <b>writing</b> and <b>maths</b> at Gilmorton School.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
UPDATE Improved oracy and language skills among disadvantaged pupils	Assessments and observations indicate significantly improved <b>oracy</b> among disadvantaged pupils. This is evident through learning walks, pupil interviews, book looks, engagement in lessons and ongoing formative assessment.
Improved reading and writing attainment among disadvantaged pupils.	KS2 reading outcomes in 2024/2025 show more than 100% of disadvantaged pupils meet the expected standard.

Improved maths attainment among disadvantaged pupils.	KS2 writing outcomes in 2024/2025 show more than 100% of disadvantaged pupils meet the expected standard.
Exemplary behaviour for learning and self regulation to accelerate academic progress.	Observations and behaviour data analysis show that Incidents of disruption to learning are very rare. Observations indicate a high level of engagement with learning.

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

### Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £4,750

Activity	Evidence that supports this approach	Challenge number(s) addressed
Exemplary behaviour for learning and whole school behaviour CPD - including training day session from Tom Bennett	The selected approach was based on the extensive research conducted by Tom Bennett during his review of behaviour commissioned by the DFE. <a href="#">Creating a culture, 2017</a>	1,2,3
Embedding Oracy across the school using techniques delivered during the teacher days. This can support children in articulating their ideas across all curriculum areas	There is a strong evidence base that suggests oral language interventions including dialogic activities such as high-quality classroom discussion are inexpensive to implement with high impacts on reading: <a href="https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/oral-language-interventions">https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/oral-language-interventions</a> Also research based approach in school using: "Transform Teaching and Learning through Talk: The Oracy Imperative" Amy Gaunt & Alice Stott	1
Training of more staff in the delivery of Sounds-write phonics to secure stronger phonics teaching for all pupils.	Systematic phonics approaches have a strong evidence base to support a positive impact on reading. <a href="https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics">https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics</a>	2, 4

### Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £10,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Additional phonics sessions targeted at disadvantaged pupils who require further support, particularly looking at those KS2 children who need the additional support</p>	<p>Systematic phonics approaches have a strong evidence base to support a positive impact on reading.</p> <p>Targeted phonics interventions have been shown to be more effective when delivered as regular sessions over a period of 12 weeks.</p> <p><a href="https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics">https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics</a></p>	<p>2, 4</p>
<p>Small group intervention (PIXL therapies) to close gaps in writing and reading as identified in the diagnostic assessments.</p>	<p>Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind, both one-to-one:</p> <p><a href="https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/one-to-one-tuition">https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/one-to-one-tuition</a></p> <p>Short, regular sessions (about 30 minutes, three to five times a week) over a set period of time (up to ten weeks) appear to result in optimum impact.</p> <p>And in small groups:</p> <p><a href="https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition">https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition</a></p>	<p>2, 4</p>
<p>Delivering School Led Tutoring to provide tuition for pupils whose education has been most impacted by the pandemic. A significant proportion of the pupils who receive tutoring will be disadvantaged, including those who are higher attainers.</p>	<p>Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind, both one-to-one:</p> <p><a href="https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/one-to-one-tuition">https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/one-to-one-tuition</a></p> <p>Short, regular sessions (about 30 minutes, three to five times a week) over a set period of time (up to ten weeks) appear to result in optimum impact.</p> <p>And in small groups:</p> <p><a href="https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition">https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition</a></p>	<p>4</p>

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £3000 + £1000 contingency

Activity	Evidence that supports this approach	Challenge number(s) addressed
Training for two ELSAs. 5 hours per week to support the mental health and well being of both disadvantaged and non disadvantaged pupils, to encourage effective social and emotional learning.	Evidence from the EEF's Teaching and Learning Toolkit suggests that effective SEL can lead to learning gains of +4 months over the course of a year <a href="https://educationendowmentfoundation.org.uk/news/prioritise-social-and-emotional-learning">https://educationendowmentfoundation.org.uk/news/prioritise-social-and-emotional-learning</a>	3
Contingency fund for acute issues	Based on our experiences and those of similar schools to ours, we have identified a need to set a small amount of funding aside to respond quickly to needs that have not yet been identified.	All

**Total budgeted cost: £18,755**

## Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Last year was disrupted for many of our pupils primarily due to Covid-19 impact. Data demonstrates the impact early in the year, but due to the measures put in place, it also demonstrates that these children have made progress throughout the year.

The impact was mitigated by maintaining quality first teaching including during periods of partial closure where children accessed Google Classroom and 'live teaching' and interventions.

Quality first teaching and interventions remained a priority throughout the school year for all children including those eligible for pupil premium and continues to do so.

Ensuring we have well trained ELSA's and staff who are able to work with individual children has meant that well-being of all children including those who are disadvantaged is good, giving them the tools to want to attend school and ensuring they are able to access quality teaching and learning. Mental health remains a key area for all pupils.

Being able to offer a range of enrichment activities including music, trips and clubs has also meant children want to be in school ready to learn.

**Attendance** 2021-2022 for those eligible for pupil premium: **95%**

### Statutory Assessment Data 2023/24

#### Reading

Student Group	Achieved expected standard	Average score	Progress
Year 6 1 pupil in receipt of PP	67.7%	105	

#### Writing

Student Group	Achieved expected standard	Average score	Progress
Year 6 1 pupils in receipt of PP	70%		

#### Maths

Student Group	Achieved expected standard	Average score	Progress

Year 6  1 pupil in receipt of PP	66.7%	104.8	
<i>Phonics</i>			
Year 1 - 81.3% passed the Phonics Screening Check  0 pupils in receipt of PP			

## Externally provided programmes

*Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England*

Programme	Provider

## Service pupil premium funding (optional)

*For schools that receive this funding, you may wish to provide the following information:*

Measure	Details
How did you spend your service pupil premium allocation last academic year?	
What was the impact of that spending on service pupil premium eligible pupils?	

## Further information (optional)

### **Planning, implementation and evaluation**

When making decisions about our pupil premium strategy, we reflected on previous years spendage, what has worked well and what not so well. Through internal data, observations and discussions with parents / carers, teachers and pupils we identified different barriers and challenges.

We used various reports and research to read about effective use of pupil premium. The EEF's implementation guidance was used to help us develop our strategy, especially in working out which approaches are likely to work in our school and we will continue to use this through the implementation of activities.

We have put a robust evaluation framework in place for the duration of our three-year approach and will adjust our plan over time to secure better outcomes for pupils.
